# SYMPATHY OF STATE

General Assembly Extends It to Fire-Swept Baltimore in Its Terrible Visitation.

THE OYSTER BILL IS UP

First Skirmish on the Jordan Bill Results in Delay-Bills Introduced.

The sessions of the two houses of the General Assembly, while devoid of really important action yesterday, were made important action yesterday, were made interesting by the adoption of a joint resolution expressing sympathy of the State with the people of Baltimere, and by the first skirmish of the Opposing forces on the oyster bill in the House. A number of resolutions of various kinds were offered in the House, and many new bills were presented and referred. As a result of the skirmish on the oyster bill of Mr. Jordan it was determined to pages the bill and substitute by and have bill of Mr. Jordan it was determined to pass the bill and substitute by and have them printed. The discussion on the bill also developed to some extent the strength of the opposition and the names of those who will lend the right against of those who will lend the fight against the enactment of the measure. Mr. Stubbs, of Gloucester, an fold fighter, and Mr. Rew, of Accomac, a new member, led the opposition to the Jordan bill yesterday. It has developed that the strength of the opposing forces is as, great or greater than in the last General Assembly and that the contest over the bill the going to he as stubbern one, with bill is going to be a stubborn one, with a probability that flibustering against a probability that illinoisering against the measure may be resorted to. If action on the Baylor survey matter be staved off until the present session adjourns, about March 14th, there can be no legislation on the subject until 1996. The Senate.

There were fewer than a quorum of senators present yesterday at noon when Lieutenant-Governor Williard rapped the Senate-to order. Consequently no important business could be transacted. The feature of the session was the introduction by Senator Opic and the passage of a joint resolution by both houses agree of the sympathy of the people of the passage of the sympathy of the people of the passage of the sympathy of the people of the

The bills on the calendar were advanced as far as possible without a quorum, but there was little that could be done.

BILLS INTRQDUCED.

Several bills of interest were introduced and referred. Among them were these:

After an hour's session, in which little was accomplished, the Senate adjourned until noon-to-day.

There were large and intensely interesting services at Laurel Street Methodist Church on Sunday morning and night despite the inclement weather, Rev. Mr. Lumpkin preached in the morning and assisted Dr. Johnson in the com-

Dr. Johnson again delighted his congregation at night with a most profound and eloquent sermon on the character of Esther, basing his remarks on the words "Esther, or the Power of Beauty." He paid a glowing tribute to the women of our land, and said that the most beautiful women admired by man, were those our innd, and said that the most beautiful women admired by man, were those who lead a clean, pure life, who had a sweet disposition and a sympathetic nature, and not those who were the finest apparel and jewels.

Judge John H. Ingram, of the Law and Equity Court, yesterday rendered an opinion overruling the demurrer in the case of Charles H. Maighan against Morgan R.
